

## EBH®

Designed to handle heavy material transport, the EBH suction discharge hose is the perfect choice for all of your construction, excavation, machine to machine liquid, and sanitary/cesspool to truck transfers. Our one-of-a-kind copolymer construction is tough enough to handle every demanding job you send its way.

- Abrasion-resistant outer shell
- Color: Yellow/Black
- Superior kink-resistant design
- Ultraviolet-resistant base

### PERFORMANCE

Temp Range CP, TM:  
-40° to +140° F

Size I.D. (Inches)	Weight Per Foot (lbs)	Center Line Bend Radius (Inches)	Working Pressure (PSI)	Burst Pressure (PSI)
2	.24	3.50	14.00	41"
3	.45	5.00	12.00	39"
4	.62	6.25	10.00	38"

*Based on Straight Lengths of hose at 70°F*

## JM150 JM200

Our most popular detailing and car wash vacuum hose. These vacuum hoses are crush-proof and super flexible, providing the ultimate in durability and usability.

- Abrasion-resistant outer shell
- Colors can be custom-made
- Superior kink-resistant design
- Ultraviolet-resistant base

### PERFORMANCE

Temp Range CP, TM:  
-40° to +140° F

Size I.D. (Inches)	Weight Per Foot (lbs)	Center Line Bend Radius (Inches)	Neg. Pressure* (Recm'd Hg)
--------------------	-----------------------	----------------------------------	----------------------------

#### Style CP

1.5	.25	3.00	29"
2	.37	4.50	29"

*Based on Straight Lengths of hose at 70°F*
